

Cut A-A

by customer:
 power supply 3Ph/N+PE, 400V, 50hz
 fuse: statement by Nussbaum
 optional: air pressure connection 6mm, min 6-10 bar

We point out the minimum requirement of the foundation in our plans. The condition of the local realities (for example: ground under the foundation) does not lie our responsibility. If necessary an architect must be consulted.

subject to alterations!
